Local Information:

Members coming from out of town may have their own preferences among the city's many hotels and motels, but the local committee recommends that those who wish to be near Reed College, in the SE quarter of the city, make reservations at the Rose Manor Motel, which includes a restaurant, on SE McLoughlin Blvd. (U.S. 99E) at the corner of Hotgate. Address: 4546 SE McLoughlin Blvd., Portland, OR 97202, tel. 503/236-4175, \$21 single, \$24 double, \$25 twin beds. There is also a Motel 6 at 3104 SE Powell Blvd., Portland, OR 97202, tel. 503/233-8811, \$9.95 single, \$13.95 double (cash). A map of Reed College and vicinity is enclosed: the meeting place on Saturday will be on the lower level of the Community Center, beneath the Commons where luncheon will be served at noon. Campus parking space should be plentiful, since the college will be on vacation.

The local committee would appreciate it if members planning to attend would drop a note or a card before 10 March to Prof. Frederic Peachy, Reed College, Portland, OR 97202, indicating whether they expect to attend the reception at the Art Museum and/or the luncheon on campus. There will be no charge for either, but the committee would like to be able to accommodate all its prospective guests. R.S.V.P.

In Memoriam: Margaret Livingston Pelz 1945-1978

Margaret Pelz, graduate student in the Dept. of Classics, University of Washington, was killed in an automobile accident near Granite Falls, WA, on November 11, 1978. A memorial service was held for her and her companion at the University Friends Center on November 14, 1978.

Margaret did her undergraduate work at Mt. Holyoke College and began her graduate work at the University of Washington in 1969. She was nearing completion of her doctoral dissertation on the Epistles of Horace at the time of her death. During her years at the University of Washington, she was an extremely successful Teaching Assistant and the recipient of the Graduate School's W. W. Stout Fellowship. Those who knew her are profoundly saddened by her death.

QUISQUILIA

Let us begin, then, with Grammar. This, in practice, means the grammar of some language in particular; and it must be an inflected language. The grammatical structure of an uninflected language is far too analytical to be tackled by any one without previous practice in Dialectic. Moreover, the inflected languages interpret the uninflected, whereas the uninflected are of little use in interpreting the inflected. I will say at once, quite firmly, that the best grounding for education is the Latin grammar. I say this, not because Latin is traditional and mediaeval, but simply because even a rudimentary knowledge of Latin cuts down the labor and pains of learning almost any other subject by at least 50 per cent. It is the key to the vocabulary and structure of all the Romance languages and to the structure of all the Teutonic languages, as well as to the technical vocabulary of all the sciences and to the literature of the entire Mediterranean civilization, together with all its historical documents.

* * *

Latin should be begun as early as possible—at a time when inflected speech seems no more astonishing than any other phenomenon in an astonishing world; and when the chanting of *Amo, Amas, Amat* is as ritually agreeable to the feelings as the chanting of "eeny, meeny, miney, mo."
